# Ezzy Group - Ezzy Infratech Private Limited

## About Us

Ezzy Group is a world-class infrastructure and property management company with leading positions across the urban markets of India. Its landmark projects with superior quality and details have established the company as an international luxury real estate brand. Beautiful and flawless interiors of Group's properties created in collaboration with Ashai Design Corporation (ADC) - an international architectural firm based in California, USA - gives classic touch to the Ezzy brand. With the principal architect Tony Ashai, who has designed numerous custom and luxury residences across the world, the company strives to be a leader, in terms of sustainable growth and innovation and strongly believes in consistently raising the bar by providing world class luxury living with each new project.

## Differentiating Factors

All projects of the Group in Bangalore are built to international specifications and standards. The company

uses in-house capacity for all its constructions and delivery of residential projects that offers a world-class luxury lifestyle with a wide range of amenities.

## Vision

The company wishes to become the most respected company in the industry; the customer's first choice, for the project development and construction.

The Group also aims to accomplish proactive and committed approach to project & service delivery with core values of high quality professional and operational excellence as well as strong ethical values.
