

**EZZY GROUP FORAYS INTO BANGALORE REAL ESTATE MARKET-INVESTS Rs.150 crores,**

The group's first ever landmark projects in Bangalore have been designed by the renowned architect Tony Ashai. This is the first time that the architect who designed homes for Hollywood celebrities, has joined hands for any real estate project in India.

The company Ezzy Infratech Private limited has invested about Rs.150 crores in their two projects- *Corinth* and *The Avenue*-comprising luxury residential villas and apartments. Corinth is located on Hennur road, Bangalore which will have Italian design and Tuscan style architecture. Corinth comprises of 25 boutique row villas with international standards.

The Avenue, individually designed luxury apartments designed in accordance with the cosmopolitan lifestyle of the modern family. Both the properties have been priced between Rs.6000 and Rs.7000 per square foot. The Ezzy group and Ashai Design Corporation (ADC), California, USA, will set up several such luxury residential projects in the country going forward.

Mr. Shabbir Saifuddin Ezzy, Chairman, Ezzy Group said, "Our objective is to offer something unique to Indian Realty market".

Commenting on his association with Ezzy group, Tony Ashai, CEO, Ashai Design Corporation, USA, said, "Though I hail from India, till date it has not been possible for me to showcase my talent here. I look forward to a long and fruitful association".
