

## Outlook Business Magazine featured Ezzy Group and Recent Projects - The Avenue & Corinth in their Market Trends, India.

Sustainable Innovation and Classic Design is the buzzword at Ezzy Group's venture. This world-class infrastructure and property management company is strongly positioned as an International luxury real estate brand. Its projects are defined by superior quality, detail and design.

The classic touch stands out in every aspect of the properties – from beautiful facades to the flawless interiors created in collaboration with Ashai Design Corporation (ADC), an International architectural firm based in California, USA.

The spaces inside the villa soak in luxury. With two living areas, one formal and the other informal, the boutique villa includes an entertainment room opening out into a private garden area. The big terraces overlooking the garden offer the perfect setting for a barbecue or a party.

The Corinth has a high-end clubhouse with a swimming pool; spectacular lounge and state-of-the-art fitness centre and is walker-friendly with its huge gardens, fountains and trees.

The Avenue, luxury residences in

Whitefield Bangalore have been designed in accord with the lifestyle of a modern contemporary family. The architectural style reflects the contemporary design with clean lines that add to the planned perfection in each home.

**As Mr. Hisham Syed Tamiz, Managing Director, says, "At Ezzy Group, we strive to be a leader, in terms of sustainable growth and innovation and strongly believe, with each new project, we will continue to consistently raise the bar in world class luxury living."**

For decades, Italian architecture has had a profound impact in the world of design with outstanding features like winding cobblestone streets, rustic houses painted with light shades of stucco, large patios and sloped red roofs. The Corinth - Tuscany Styled Homes on Hennurmain road in Bangalore marks the group's landmark project. The 25 boutique Corinth villas offer a world-class living experience through large open spaces which are designed to draw in natural light and fresh air, giving one the open feel of a countryside house.
